Bargaining is Approaching... Survey says???

YOUR VOICES WERE HEARD!

Before we get into the contract and the survey it is important to thank the over 200 of our members who were able to attend the Fringe Benefit Meeting we requested at Hendricks Chapel. While many of our folks were not able to leave work to make the meeting, those who were present did a fantastic job of sharing heartfelt stories and concerns that are shared by those in their work areas and beyond. We believe that the University took notice of our questions and concerns. In fact, several of the concerns raised in the meeting from the draft proposal were changed before a final proposal hit campus. We continue to work with the University through our voice on the Health Care Advisory Committee to assure that the protections for low wage workers discussed in the fringe benefit proposal continue to reach those they were intended to...our members!

BARGAINING IS ALMOST HERE

...and we are surveying our members to see what is near and dear to everyone. We know these are tough times, but we are hopeful that together we can do a great job for all our members.
